Intelligence Begins Here.

# CBRS PRIVATE LTE NETWORKS FROM RF CONNECT

Virtually every industry sector is undergoing a technology transformation to increase operational efficiency, optimize occupant experience and capture enhanced insight.

Wireless connectivity will drive this transformation.

CBRS-enabled Private LTE Networks empower organizations to efficiently and cost-effectively utilize cellular spectrum to deploy wireless networks that offer superior performance, reliability and security needed for mission-critical and business-critical applications.

## INDUSTRY USE CASES

### **FACTORIES, WAREHOUSES & LOGISTICS CENTERS**

- Uptime reliability, quality assurance, reduced operating costs, operating efficiency, theft deterrence

### **HOSPITALS & MEDICAL CAMPUSES**

- Quality of care, PHI HIPAA compliance, mobility, physician retention, Wi-Fi relief

### **CORPORATE BUILDINGS & CAMPUSES**

- Tenant retention, asset monetization, workplace productivity, energy management, BYOD support

### **GAMING & CASINOS**

- Rich data analytics, guest experience, improved communications and security

### **SCHOOLS & CAMPUSES**

- Attract students & faculty, reduce digital divide, digital record keeping, campus safety

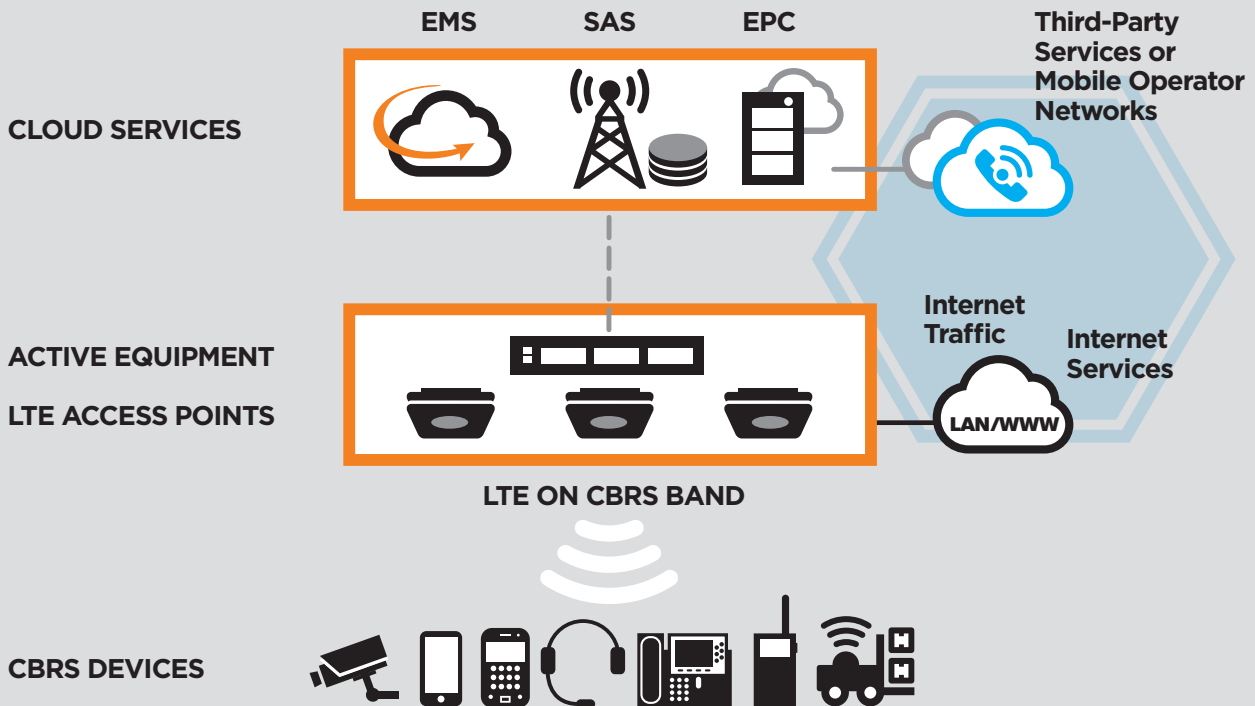

### **HOTELS, RESORTS & THEME PARKS**

- Guest experience, data analytics, reduced safety- and business-critical services costs, information privacy integrity

### **RETAIL STORES & MALLS**

- Attract customers, enhanced consumer experience, reduced connectivity infrastructure expense and complexity

# REVOLUTIONARY. INNOVATIVE. WITHIN YOUR REACH.

## PRIVATE LTE APPLICATIONS

- Access control
- Asset tracking
- Automated manufacturing
- Building monitoring and control
- Connected vehicles
- Data connectivity for data & voice services
- Diagnostics for predictive maintenance
- Environment sensor control
- Fire & outage detection

- Location-based services
- Logistics
- Patient monitoring
- Point of Sale
- Remote robotic control
- Staff communication
- Video security & surveillance
- Video display
- Wayfinding

BECOME A HERO OF CONNECTIVITY

**RF | CONNECT**<sup>SM</sup>  
Intelligence Begins Here.

# RF CONNECT HELPS IT LEADERS BECOME HEROES OF CONNECTIVITY

## TECHNOLOGY

- In-Building Cellular Communications
- CBRS Private LTE Connectivity
- Public Safety Communications
- Smart Building Infrastructure

## FUNDING

- Full Capital Funding
- Shared-Cost Funding
- Carrier Negotiation
- Infrastructure-as-a-Service

## SERVICES

- Turnkey Design & Deployment
- Management & Maintenance
- LTEaaS Managed Signal Sources
- Public Safety Annual Certification

## TECHNICAL EXCELLENCE, PERSONALIZED DELIVERY

RF Connect delivers carrier-grade wireless communications infrastructure to optimize your organizational performance and advance your business. With carrier-grade user expectations come rigorous technology management and engineering support requirements. RF Connect Managed Services deliver complete lifecycle management designed to maximize and protect the value of your investment.
