

CARRIER-APPROVED DAS SIGNAL SOURCE

**GREENLIGHT IS A MANAGED SERVICE FOR DAS DEPLOYMENTS
THAT GUARANTEES TIMELY DELIVERY OF CELLULAR SIGNAL SOURCES.**

Carrier-Approved DAS Signal Source

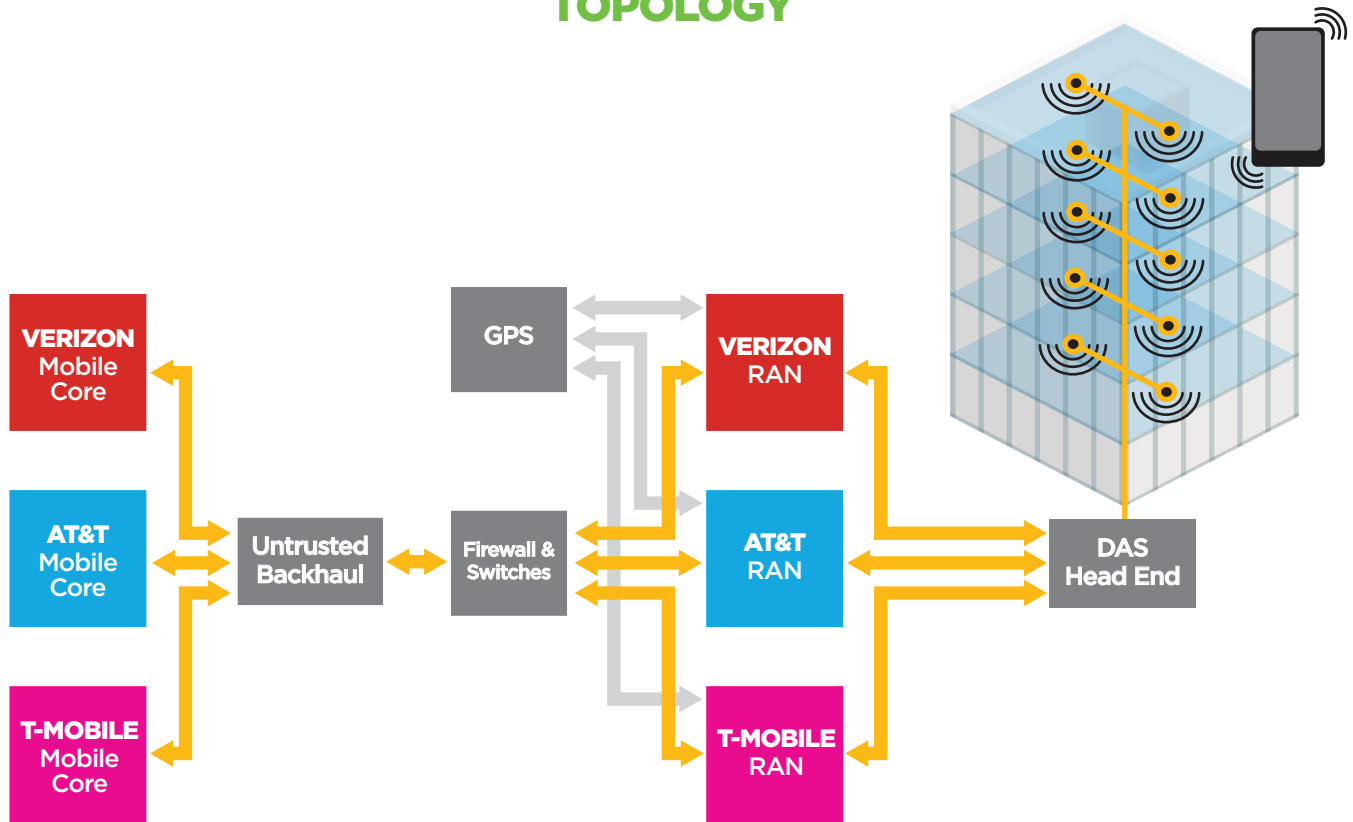

Greenlight simplifies the procurement of cellular signal sources for DAS deployments by bypassing the complexity, high cost and uncertainty of obtaining these essential assets from carriers who now often supply them only for large public venue projects. Delivered as a managed service, Greenlight provides secure, high-performance connectivity, supports public safety location data, and includes 24/7 monitoring, repair and replacement, and affordable subscription pricing.

THE GREENLIGHT ADVANTAGE

- + Carrier Approved
- + 4G and 5G¹
- + High Bandwidth & Capacity
- + 3GPP Security Standards
- + E911 Compliant
- + Shorter, Predictable Timelines
- + No Carrier Negotiations
- + Enterprise Control
- + Single Vendor
- + Turnkey Installation & Commissioning
- + Service Level Agreements
- + Equipment Repair & Replacement
- + 24/7 Monitoring
- + Subscription Affordability

¹Availability by carrier and market
